

BIMAN PAKHIRA

Software Development Engineer

+91-8240529170 | bimanpakhira2@gmail.com | linkedin.com/in/biman-pakhira | github.com/Biman-pakhira | Kolkata, India

Summary

Node.js Backend Developer with 1+ years building scalable, production-ready web applications across the full SDLC. Expert in Express.js, RESTful API design, SQL/NoSQL optimization, and third-party API integrations. Proficient in JWT, OAuth 2.0, Docker, and Agile delivery. Proven track record reducing API latency 25–35% in production. Strong communicator adept at translating business requirements into clean, maintainable backend solutions. Open to relocation and international travel.

Professional Experience

Backend Developer | Full-time

May 2025 – Nov 2025

[Access Healthcare](#)

Noida, India

- Developed and maintained Node.js/Express.js applications serving 1000+ concurrent users; designed RESTful APIs cutting response time by 25%
- Gathered requirements from functional consultants; implemented JWT, OAuth 2.0, RBAC; integrated third-party APIs and payment gateways
- Containerized with Docker on AWS EC2; performed API testing with Postman; led code reviews in Agile sprints

Backend Developer | Full-time

Jun 2024 – Jan 2025

[Sunknowledge Services Inc.](#)

Kolkata, India

- Built Node.js REST APIs and automated data pipelines improving operational efficiency by 25% for healthcare revenue cycle
- Optimized PostgreSQL and MongoDB queries via indexing and schema restructuring, reducing API latency by 30%
- Implemented error-handling middleware, input validation, structured logging; integrated third-party services with full documentation

Node.js Developer | Internship

2023 – 2024

[Vajre India Technologies](#)

Remote

- Built Express.js REST API modules; wrote JavaScript automation scripts reducing manual processing effort by 40%
- Debugged Node.js routes, middleware, and controllers; contributed to Git-based collaborative workflows under senior guidance

Education

B.Tech in Information Technology

Aug 2020 – Jun 2023

[MCKV Institute of Engineering](#)

Kolkata, India

CGPA: 8.9 / 10.0

Technical Projects

■ Claim Management System [\[GitHub\]](#)

Stack: Node.js, Express.js, MongoDB, Redis, JWT, Docker, AWS EC2
RESTful APIs for end-to-end claim processing; JWT + RBAC auth; Redis caching cutting response time 30%; Docker on AWS EC2 with 99% uptime.

■ Real-Time Notification Service [\[GitHub\]](#)

Stack: Node.js, Socket.io, WebSockets, Redis, MongoDB
WebSocket engine for 1000+ concurrent connections; async job queues with retry logic; Redis pub/sub for cross-instance broadcasting; horizontally scalable.

■ eCommerce Platform [\[GitHub\]](#) [\[Live\]](#)

Stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Redis
Supports 500+ concurrent users; JWT auth, RBAC, cart/orders/payment modules; Redis caching reducing API latency by 35%.

Key Achievements

★ 25% API Response Improvement

Reduced response times at Access Healthcare via Express.js optimization and PostgreSQL indexing

★ 30% Latency Reduction

Optimized PostgreSQL/MongoDB at Sunknowledge via schema restructuring and Redis caching

★ 1000+ Concurrent Users

Architected scalable Node.js backend and WebSocket service handling high concurrency in production

★ 99% Uptime Delivered

Deployed Dockerized services on AWS EC2 with CI/CD pipelines and structured monitoring

Technical Skills

Languages

JavaScript (ES6+), TypeScript, Python, SQL

Backend & Frameworks

Node.js, Express.js, RESTful APIs, WebSockets, Socket.io, GraphQL

Databases & Caching

PostgreSQL, MongoDB, MySQL, Redis

Cloud & DevOps

AWS (EC2, S3, RDS, Lambda), Docker, Nginx, CI/CD, Git/GitHub, Linux/Bash

Security & Auth

JWT, OAuth 2.0, RBAC, bcrypt, Rate Limiting

Frontend

React.js, HTML5, CSS3, Tailwind CSS

Testing & Tools

Mocha, Postman, VS Code, Agile/Scrum

Additional Info

Problem Solving

200+ coding challenges; focus on JavaScript algorithms, Node.js patterns, REST API design

Availability

Open to relocation; immediately available for full-time engagement

Travel

100% travel willingness

Languages Known

English (Professional), Bengali (Native), Hindi (Conversational)
